

Curriculum Information for Spring 1 2019
Blue Class

Dear Parents,

This term our theme is "Out of this World". We will be learning:

- Literacy - imaginative worlds recount and narrative, explanatory texts and humorous verse
- Numeracy - area, volume and fractions, decimals and percentages
- Science - Space and developing our understanding of the solar system
- Art/Design - using mixed media and designing and making a space vehicle using electrical circuits
- Music - Music express: Journey into Space
- R.E - What does it mean if Christians believe God is holy and loving?
- PSHE - Looking Forward. Money and budgeting
- IT - the focus this term will be research
- French - Revise numbers and greetings. Asking and answering questions

Homework

Children should develop independent learning by carrying out tasks related to our topic.

All children are expected to read every night as well as practising their spellings.

Children know which maths passport target they are working towards and should practise regularly to make the best progress.

Children will also be set regular "Mathletics" tasks and homework from "Spag.com". Your child has individual log in details for these websites.

Best wishes

Mrs Worthington and Mrs Russell
