

Curriculum Information for Summer (Term 2) 2019
Blue Class

Dear Parents,

I hope your May Bank Holiday was a bit sunny and that your child has made a start on reading the new playscript for our exciting production. With District Sports, a museum visit and a trip to France for some (not to mention our very own Smashing Saxons and Vicious Viking activity day)... we have yet another busy and stimulating term ahead.

This term we will be learning:

- Literacy – Soroptemist Story competition, expressing opinions (argument and debate), Kennings and list poems, Beowulf
- Numeracy – Converting units, division and multiplication, money word problems
- Science – Growing Pains (Animals including humans)
- Topic (History) – studying the Anglo Saxons and the Vikings
- Art/Design – Making a clay pot, making models and props
- Music – Drumming workshops, school production (Let the Games Begin)
- R.E – What would Jesus do? Why do some people believe in God?
- PSHE – Healthy bodies, healthy minds – Ready, Steady, Go (Changes)
- IT – Purple Mash Coding
- French – introducing ourselves, days and months

Homework

This term, it is **really important** that your child learns their lines for the play, not forgetting the words to all the songs. It will really help with confidence levels if they can perform their lines to an adult (or sibling).

This term Blue and Yellow Class have a list of suggestions for homework relating to our Saxon and Vikings topic. All children are also expected to read every night, as well as practising their spellings (which will be tested on Thursdays).

Children will also be set regular “Mathletics” tasks and homework from “Spag.com”. Your child has individual log-in details for these websites. Children know which maths passport target they are working towards and should practise regularly to make the best progress.

If you have any queries related to your child’s learning, I will be happy to discuss them with you.

Mrs Lewis
