Term 5: May 2022

Our Christian value this term is: Friendship

CELEBRATION WORSHIP AND AWARDS

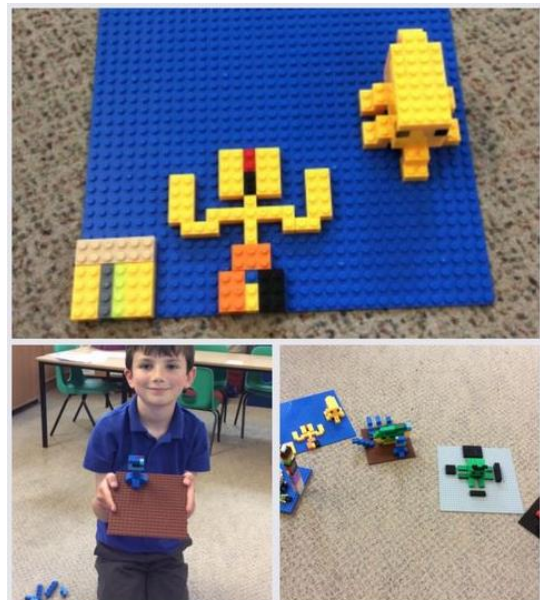

Congratulations to all those pupils who achieved Star and Mathletics awards this term. They've all been working really hard. Well done!

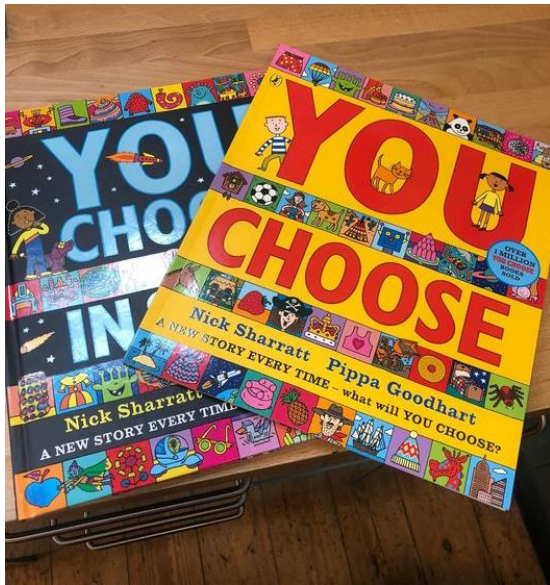

KIDS WITH BRICKS (LEGO CLUB)

Lego club had a great time this month creating turtles and octopuses.

BOOK DONATION

We are delighted to welcome our pupils from the Ukraine. Thank you so much to Mrs Roberts, who has donated these books to help develop their language.

WREN CLASS

EYFS have been making cress heads. Their hair is looking good but may need a trim soon!

Forest School

In forest school we have been planting some lovely violas that had been donated by the village. Thank you so much, they look beautiful.

We have also been enjoying a spot of gardening, filling up our compost bins. We found the biggest worm! We hope it likes chomping on our compost.. We have also enjoyed topping up our potatoes and planting some beans that had been donated by a kind neighbour and made sure everything had been watered.

It was lovely to share some time with our neighbours today. I'm not sure who was more curious.

KINGFISHER CLASS

Science We are so lucky to have a wide variety of trees at our school. Kingfisher class were learning how to identify them from the shape of their leaves.

OWL CLASS

Wilderness Residential

The Wilderness centre was lovely! When we arrived we had tea and enjoyed a few minutes of games time and exploring.

We had such a fun couple of days making campfires and singing, playing archery, practising our low rope skills, learning bush craft in the rain, going on night walks and toasting marshmallows!

Before and after.

Owl class were brilliant on their residential to The Wilderness Centre. They made new friends, were kind and helpful. They stepped up to new challenges and were so supportive. Such a credit to our school. Well done.
