

North Cerney C of E Primary Academy

Our School Vision

A caring Christian community where every child achieves a love of life and of learning.

Projected Sports Premium Grant 2022-2023

At North Cerney C of E Primary Academy we will receive funding as part of the Olympic Legacy, to improve the quality of P.E and sport provision for our pupils. This funding can be spent in any way that enhances the teaching of P.E and leads to a healthy and active lifestyle. One of the conditions of this money is that we must publish how we have spent the money so far and how we plan to spend the rest. To ensure that we make the most of this funding and gain maximum impact from it we have carried out a school audit.

We expect that P.E. is an integral part of the curriculum, allowing children to experience various sporting activities and competing at different levels and abilities both in and outside school. We encourage all children to participate in all lessons and events and offer a varied range of activities to suit all abilities.

Introduction

We project to receive £16440 via the PE and Sports Grant to fund improvements to the provision of PE and sport, for the benefit of pupils aged 5-11 years old, so that all pupils develop healthy lifestyles.

Aims

We aim to provide:

- Regular high quality P.E teaching from well trained staff
- Free before/after school sporting provision
- Access to sports events that encourage competition at all levels
- Strong sporting links with local primary and secondary schools
- To forge strong additional sport activities by providing outdoor activities such as forest school.
- To increase activity by purchasing additional sports and activity equipment
- Encourage healthy living and eating habits through food preparation and an understanding of nutrition.
- Provide transport to and from sporting events with other local schools

The key outcome is for all pupils to have a positive attitude towards sport, recognising its many benefits including health education; instilling a legacy of life long enjoyment and participation in all sports and exercise.

The School was awarded the Gold Sports mark in the 2021-2022 Academic year for participation in a wide range of sporting activities.

Projected funding £16440	
---------------------------------	--

Activity/Project	Cost	Objective	Impact	Sustainability over time
