LATERAL FLOW TESTING

Following the success of the asymptomatic testing programme (Lateral Flow Testing), it is vital to keep testing at home. We are asking parents to:

- **Test twice a week at home (test kits can be ordered and delivered to your home via the link https://www.gov.uk/order-coronavirus-rapid-lateral-flow-tests**
- **Report results online as positive, negative or void via the link https://www.gov.uk/report-covid19-result. This information is critical in helping us to understand the prevalence of the virus across the country, especially now when we are hearing of an increase in cases due to new COVID-19 variants. When you register at the above link, you are able to create a login, which saves your details and makes the process quicker.**

Please be reassured that all staff continue to test twice a week.

We would like to thank you for your support in this matter – we are very proud that we have not had any positive cases within the school. Let's continue to be vigilant and keep testing!

OFSTED SURVEY ON PARENT VIEW

Parents and carers can give their views of our school at any time during the school year and at the time of a school inspection using an online questionnaire called Parent View.

When our school is notified of its next Ofsted inspection, parents will be invited to give their views about the school to inspectors using the Parent View online facility, as this has replaced Ofsted's paper questionnaire. Please make sure we have your most up-to-date contact details.

Please register with an email address and a password at https://parentview.ofsted.gov.uk

Once your login has been activated, it only takes a few minutes to answer 12 short questions about aspects such as bullying, the quality of teaching, the level of homework set, etc.

Your views are important in helping inspectors make a decision about our school, and to help us know what is going well and what could be improved.
